FIRST AID

Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. Have the product container with you when calling a poison control center or doctor, or going for treatment. If eye irritation persists: Get medical advice or attention.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes. Call a poison center, doctor or physician to specify the appropriate source of emergency medical advice. If skin irritation occurs: Get medical advice or attention.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person. Call a poison center, doctor or physician to specify the appropriate source of emergency medical advice if you feel unwell.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

GENERAL INFORMATION

FRESH CUT is a concentrated odor reduction spray adjuvant designed to be added to pesticide tank mixtures to mask offensive objectionable odors and to assist in spreading and wetting of pesticides. As a masking agent **FRESH CUT** will mask foul odors generated during spray applications and improve general pesticide performance of spreading, wetting and penetration when used at proper rates.

DIRECTIONS FOR USE

Back pack and ride on sprayers: 0.5 oz to 2 oz. per gallon depending upon odor to be reduced.

Tank sprayers- 0.5 pint to 2 pints per 100 gallon solution depending upon odor to be reduced.

Some odors will require more than others, herbicides generally 0.5 to 1 pint Fresh Cut per 100 gallon, insecticides 1 pint to 2 pint Fresh Cut per 100 gallon. Odor Reduction will persist for 24 to 48 hours depending upon use rate and targeted odor.

STORAGE AND DISPOSAL

Storage: Store locked up. Store in a cool well ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

Disposal: Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.
